  - Head west on Graminia Road for 5 km. You will see the ride site on the north side of the road
  - Turn right on the road immediately past the hall and take the second driveway into the grounds

Camp opens at 12 noon Friday, August 6. Horse water will be provided on site. Mowed grass. All manure must be cleaned up and hauled off site.

Trail is a mix of fields, pasture, single track trail, some ditch, and some hard-packed sharp gravel. Hoof protection highly recommended. There are some hills and technical areas but lots of flat to move out. The area has also become a popular destination for Edmonton residents and is quite busy on the weekends. You will encounter traffic, and likely bikes, hikers, dogs, children and maybe even a stroller or 2 on the public trails.
